

Under the Hairdresser's Regulations 1980 all premises used as a "hairdresser's shop must be registered with the local authority. These regulations are to ensure cleaning, health and hygiene standards are met and maintained to prevent the spread of disease.

Once a possible site is determined the first person the prospective proprietor should speak to is:

(Please ✓)

- The **Council's Planning Officer** to confirm the proposed type of operation is permitted in the particular zone, and any requirements on operating hours, signs, car parking, etc
- The **Building Officer** should be contacted and a Building Consent application submitted. You must indicate the intended use as being a Hairdressing Salon, and provide plans of any plumbing/structural alterations
- Once this is established a floor plan should also be submitted to the **Environmental Health Officer**. Any questions relating to the Hairdresser's Regulations can be discussed with the Environmental health officer

The basic requirements for a Hair Salon from the Regulations are:

1. Ensure all wall, ceiling and other surfaces are yielded smooth, impervious and easily cleanable in all parts of the process, preparation and service areas.
2. Ensure the floor surface is a smooth impervious and easily cleanable surface.
3. Ensure there are sufficient Shampoo basins, a separate hand basin and separate washing up sink, with a continuous supply of hot and cold running water in compliance with the Building Act 2004.
4. Ensure adequate space in the salon (2.3m<sup>2</sup> per service chair).
5. Ensure adequate lighting and ventilation on site.
6. Provide adequate storage space and ensure
7. towels are kept clean and free from contamination.
8. Provide a separate area for storage of all cleaning equipment and solvents used for the premise (separate from hair and treatment products).
9. Provide suitable refuse containers for the premises fitted with closable lids. Ensure all refuse is removed from the premises regularly.
10. Ensure the disinfectant used for combs and other hair equipment is of a commercial standard and suitable for the purpose. "No Frills", "Pine" and "Budget" cleaners are not acceptable.

If you require further information on the above matters, please do not hesitate to contact the **Environmental Health Officer** on phone 570 6666.
